

## FDA VI PARENT NEWS

Greetings Parents,

What a great year we have planned for our students, starting with FDA's first ever Carnival. We have planned college tours to stir our student's interest in their new and exciting futures. We have even planned a trip to our nations' capital. We offer AP classes for all students. In addition, our students can choose from a variety of clubs, including swimming.

The Culinary Program is moving along. The website is up and running, and we are moving forward. And we even have an FDA VI App. Our students are maintaining positive attitudes and so are we. As always, I'm open to comments and suggestion, as FDA VI High School continues to soar to higher heights. We look forward to working with parents as partners where together at FDA we rise.

...Mrs. Worley, Principal

Hello FDA VI  
Family,

## Welcome Back!

This year it is more important than ever that parents sign up and begin using their NYCSA Accounts as Pupil Path/Skedula is no longer in use. The great news is that your NYCSA account provides the same info and more.

Using NYCSA, you can access info including:

- Attendance • Grades & Report Cards • Assessments (test scores) • Emergency Contact Information • Transportation
- Individualized Education Program (IEP) • Digital forms, including the COVID-19 Testing Consent Form

You can get started using NYCSA by contacting me, Ms.

Roberts, your Parent Coordinator at 718-332-9550 or 929-617-5182 or email me at [troberts@schools.nyc.gov](mailto:troberts@schools.nyc.gov) .

For self service Visit <https://schoolsaccount.nyc> and select the "Create Account" link found on the login page.

You are also invite to join Parent University. This website provides free courses, resources and events .Visit [parentu.schools.nyc](https://parentu.schools.nyc) The website was designed to empower you with workshops that are available at your convenience.

My goal as your Parent Coordinator is to help you stay informed and involved in our school community.
